

January

Alex Freund

The year 2024 was a tapestry woven with moments of quiet resilience, bold initiatives, and steadfast community spirit. Amid the hustle and bustle, there emerged stories that often lingered in the shadows—tales of individuals whose work transformed lives but rarely grabbed the limelight. These were the unsung heroes, and this year, their stories were celebrated through an extraordinary initiative: The Unsung Hero Project.

Officer Mulla

Dr. Geeta Gupta

Throughout 2024, this project spotlighted 11 remarkable nominees, each a beacon of hope and action in their unique ways. Whether it was through mentoring youth, or creating spaces of compassion for the underserved, these individuals stood tall as symbols of what one person can achieve for the collective good. The essence of their impact was not just in the tangible results but in the waves of inspiration they sent rippling through their communities.

Rich Wesner

The yearlong celebration culminated in a heartfelt event at the Plainsboro Library, an occasion brimming with warmth, camaraderie, and acknowledgment. The library's hall buzzed with stories of transformation, shared between friends, family, and supporters, while the presence of Plainsboro's Mayor and his wife added a touch of official reverence to the proceedings. The afternoon's climax came with the much-anticipated drawing of the winning name by the Mayor's wife—a moment of suspense that unveiled Dr. Bob Eng as the recipient of a complimentary estate plan from RLG. Dr. Eng, a humble yet powerful force who is effectuating change by bringing awareness to other financial advisors in having them think about meaningful and impactful investing on behalf of their clients.

Greg Rapport

Yet, the event carried no losers. In a gesture befitting the ethos of The Unsung Hero Project, every nominee walked away with a personalized caricature of themselves handcrafted by Mercy Kurian, a renowned graphics designer based in India. The celebration at Plainsboro Library was not merely an endpoint but a springboard, encouraging these heroes and others like them to continue their work with renewed vigor. It was a reminder that behind every thriving community are those who tirelessly give, often without recognition but always with heart. Click [here](#) to watch a brief video of the same!

And so, 2024 ended on a high note, its greatest legacy being the amplification of these unsung voices.

We are also excited to announce that RLG is starting 2025 with a brand new addition to our small but mighty team. Rohan Suvarna accepted our offer to join the firm as its associate attorney. He has over 3 years' of experience in the area of family law and so the transition to the world of estate planning and elder law is going to be a meaningful and valuable one. A more detailed announcement will be sent out in a few days. In the meantime, feel free to drop him a line at rohan@estateelderplanning.com to say hello!

Krishna Hegde

Dr. Bob Eng

As we usher in a new year may we collectively be a community that strives to be there for each other with compassion and integrity!

Happy New Year!
